

DISTRICT III BASKETBALL SITES

All play-in games, first round games and in addition quarter final games in A & 2A will be played on home floors this year but we will still need 10-12 neutral floors for Round 2, 3 games and Consolations in the District. In addition we will need floors for early round state games. One of the most important components of the playoffs is where the games are played. **Site selection after round 1 is based on geographical location of the participants, seating capacity, the availability the next day in the event of postponements due to weather and cost.**

Schools interested or willing to host games for boys and/or girls are asked to complete the form below and return it to me prior to **January 18.**

HOST SCHOOL _____ Seating Capacity _____

Total projected cost for the evening **EXCLUDING** officials and the site manager:

\$ _____

Total cost should include floor rental (neutral sites only), security, custodial, ticket takers and sellers, scorekeeper, scoreboard operator and any other costs you will have. It should be the total for TWO GAMES per evening. This fee should reflect the costs you list on your expense sheet that evening and should not change when you submit your expenses. We understand this fee will change if you host a tripleheader.

Fees for officials and site managers are set by the District and will be in addition to your total costs.
