PIAA DISTRICT III INCLEMENT WEATHER POLICY

Ninety minutes (1 hour and 30 minutes) is the maximum length of delay of a contest due to weather conditions. When lightning is a factor and instrumentation is available on site, officials shall consult with the Game Manager of the District III contest.

Thirty (30) minutes from the most recent lightning strike must elapse before teams retake the field. If the last strike does not allow enough time to resume the game due to maximum delay (90 minutes) and a winner cannot be determined by NFHS or PIAA rule, the game shall be rescheduled or resumed at the point of stoppage to be played on the next available day.

The Game Manager is responsible for game procedures until the start of play. Once play begins and weather becomes a factor, the Game Manager will consult with the officials to make a decision. Ultimately, the Game Manager, upon consultation with officials, will make the determination if weather does not permit continuation of the event.
