Dr. Kennedy,

I regret to inform you, that upon review, we had an academically ineligible high school male track & field student-athlete participate at Cumberland Valley's Bruce Dallas Invitational on 4/3/2021. We ran our eligibility lists as always, sent our weekly eligibility status messages to our head coaches; yet, for no excused reason, the athlete in question was entered into the meet by our head coach and permitted to participate in the 400m relay. Our coach claims he misunderstood the timeline for ineligibility; but, it was well-described in our eligibility status message, it is contained in our handbooks, we follow the PIAA By-Laws (while being a little more strict regarding academics), and he is not a first year coach.

I apologize for our mistake, any inconvenience it may cause, and we will abide by the District 3's direction to correct the matter on our end. Please let me know if your require additional details.
