Notes:

Runners listed in *italic bold* are the record holders in their respective classes at their given distances (see Venzke notes below)

Big Spring HS, located in Newville, Cumberland County, is the 2015-2023 venue. It is a 5K course.

Hershey Parkview is located behind Giant Center and is laid out on the former Parkview Golf Course

Milton Hershey Course was located on the grounds of the Milton Hershey Middle School (formerly the Senior HS)

The Venzke Course, named for world-class miler Gene Venzke, was located in Reiffton, Berks County, near Exeter Township HS on the grounds of a golf driving range owned by Venzke.

*-The length of the Venzke Course in 1964 is in dispute. At least one contemporaneous report listed the length of the course as 2.4 miles, sensible considering the 1963 and 1965 races at the same course were listed at 2.4 miles with results that made sense with that distance. However, the reported times in 1963 are nearly a minute faster than any race run at Venzke's 2.4 length. The official times by 1964 Class 3A winner (and 3-time District 3 champion) Bob Acri of John Harris (10:27.6) and Class 2A champion (and 2-time District champion) Greg McLanahan of Greencastle Antrim (10:42) are much more in line with a race in the 2.25-mile range. The importance of this discrepancy is that the times officially posted for Acri and McLanahan would be district records at the 2.4-mile distance by a significant stretch. Indeed, McLanahan set the district's 2.4-mile record of 11:17.7 in 1965, a year after running a 10:42, supposedly at 2.4 miles instead of 2.25 miles, which was the common course length at Venzke for many years. District 3 will list the 1964 distance at 2.25 miles based on the evidence while continuing research on the matter for final confirmation.
