*-A dispute has arisen over the record height of the Class 3A girls' long jump. In 1978, contemporary media stories reported that Yvonne Heinrich of York Suburban jumped 5-10 to win the championship and establish the District III event record. However, Ms. Heinrich's winning jump of 5-8 in 1980 and not the reported 5-10 in 1978 was listed as the meet record in ensuing District III track & field programs. The district is not in possession of the original results sheet to verify the winning height in 1978. In 1992, Kathianne Sellers of Manheim Township, having won the Class 3A event, successfully cleared an attempt of 5-8 ¾. Since that time, Ms. Sellers' jump had been listed as the 3A high jump record until Warwick's Katie Becker jumped 5-10 in 2022. District III is currently researching the matter to verify Ms. Heinrich's 1978 jump

NOTE NO. 1: Girls' javelin was introduced in 1975

NOTE NO. 2: The weight placement of the javelin was altered in 2002 by national rule. Beginning in 2002, the National Federation of High Schools (NFHS) recognized throws using the newly weighted javelin as record throws. As a result, the 161-5 by Harrisburg's Brianne Johnson in 1999 (3A) and the 148-4 by Donegal's Amy Westerman in 1983 (2A) stand as retired records under the previous weighting standard. The total weight of the javelin was not changed by the 2002 weight placement change.
